

The Change.
"He used to kiss me every time we passed through a tunnel before our marriage," said the little woman, with sad reflections.
"And does he do so now?" asked the boom friend.
"No, he takes a drink."—Chicago Daily News.

Empire State Express in Foot-Ball.
The New York Central's Empire State Express is recognized as the swiftest and surest train operated by America's greatest railroad, and considered the very best means to cover the ground in the time required. It is for this reason that the Harvard University football team named their best and surest play of the season of 1902 the "Empire State Express," for they believed it to be the most reliable play in their programme. It was successful throughout the season until it met Yale's "20th Century Limited" play, which was just as swift, safe and sure, but had longer endurance and was "limited" only by the size of the field. The names of the rival teams very correctly describe the difference in the famous trains, the "Empire State" running only from New York to Buffalo, while the "20th Century Limited" makes the 280 miles between New York and Chicago in twenty hours every day of the year. Great is the New York Central and great are the trains it operates—swift, safe and reliable.—From the Brooklyn Standard Union.

The Summer Bath.

Nothing is more refreshing or invigorating in summer than a daily bath. Use soft, tepid water and good soap. Ivory soap is ideal for the bath; it is pure, lathers quickly and leaves the skin soft and white. The bath should be taken early in the morning, or just before retiring at night. ELEANOR R. PARKER.

Eskimo Language.
Commander Peary, the arctic explorer, was talking to a small bunch of newspaper men at Saratoga not long ago and they were asking him a number of questions about life in the extreme latitudes, of which he can talk most entertainingly. Some one asked if he spoke the Eskimo language, and he said he did. "What's it like?" continued the questioner. "For instance, how would an Eskimo say 'Good morning'?" "He wouldn't say it," replied the commander, with a slight smile. "Indeed, and are they so untutored in the amenities of life?" "Not at all, not at all," the explorer explained. "You see, in a country where they would have occasion to use those words only once a year, they don't have them."—Detroit Free Press.

The Question Answered.

Estill Springs, Tenn., Aug. 24th.—Many questions are being asked of Mr. C. D. Holt of this place in regard to his wonderful recovery. For two years he has been down with his back. He was so very bad that he could not even leave his shoes, and from this condition he suddenly appeared well and strong as ever.

It is no wonder therefore that his friends are asking him "How did you do it?" He tells them all: "Dodd's Kidney Pills did it," and adds "This remedy is a genuine good medicine and one that I can heartily recommend to everybody." "Everyone around here knows how very bad I was. I was so weak in my back that I couldn't do anything that needed stooping or bending over, and three boxes of Dodd's Kidney Pills made me as you see, as well as ever I was." "They certainly had a wonderful effect on my case."

CHEAP LANDS.

For Homeseekers' and Colonies.

The country along the Cotton Belt Route in Southeast Missouri, Arkansas, Northwest Louisiana and Texas offers the greatest opportunities for Homeseekers. Mild climate, good water, cheap building material, abundance of fuel, and soil that will often in a single season yield enough to pay for the ground. Land can be bought as cheap as \$2.50 an acre, prairie land at \$4 and \$5 per acre up, bottom land at \$5 and \$6 per acre up, improved or partly cleared land at \$10 and \$15 per acre up. Some fine propositions for colonies—tracts of 2,000 to 8,000 acres at \$4 to \$10 per acre—big money in this for a good organizer. Fruit and truck lands in the famous peach and tomato belt of East Texas at \$10 to \$20 per acre up. Write us for information about cheap rates, excursion dates, also literature descriptive of this great country and let us help you find a home that will cost you no more than the rent you pay every year. E. W. LABEAUME, G. P. & T. A., Cotton Belt Route, St. Louis, Mo.

Before Marconi.

An Egyptologist and an Assyriologist were disputing about the relative advancement of the two ancient peoples whom they were studying. "Well, sir," said the Egyptologist, "we find remains of wires in Egypt which prove they understood electricity!" "Pshaw!" answered the Assyriologist. "We don't find any wires in Assyria, and that shows they knew wireless telegraphy."—Youth's Companion.

Forty years ago and after, many years of use on the eastern coast. Tower's Waterproof Oiled Coats were introduced in the West and were called Slickers by the pioneers and cowboys. Mothers, do you know

that a perfectly healthy baby never cries. When the little one does cry there's something wrong, and generally it's the stomach. Paregoric, Soothing Syrups, Cordials, Teething Syrups and Pain Killers contain opium and morphine. Don't use them. They are harmful—costly, too. Such drugs constipate and derange the digestive organs.

Dr. Caldwell's Syrup Pepsin

(A LAXATIVE)

is pleasant to take, augments and supplies the natural digestive ferment, acting as a gentle laxative by the power to assimilate food, makes and keeps babies in health and good humor. A trial will convince you.

Mrs. ALLIE JACKSON, of Farmer City, Ill., writes: My seven-months-old baby was troubled a great deal with his stomach and bowels. I had tried numerous remedies with no good results, until the baby lost much flesh and was in very poor health. A friend recommended Caldwell's Syrup Pepsin. I procured a 50c bottle at the drug store and gave the contents to the baby according to directions, after which there was a decided improvement in his condition. Have been giving him Syrup Pepsin for about a month, with very satisfactory results, his stomach and bowels being in good, healthy condition and his former weight regained.
